DietMaster Med provides you the ability to:

- ✓ Print R.D. designed meals & grocery lists in minutes
- ✓ Measure individual resting metabolic rate (RMR)
- ✓ Quickly capture weight, body fat and composition data
- ✓ Analyze client eating habits to identify deficiencies
- ✓ Print comprehensive reports
- ✓ Incorporate custom food and supplements products into meals
- ✓ Track body fat and weight trends against goals
- ✓ CPT coding for reimbursement via Medicare and other insurance

Product Description

DietMaster Med is the most complete and accurate weight management system available today. No other single product combines cutting-edge technology and tools that deliver a more simplified turnkey approach to providing weight management and disease prevention services to your clients.

Easy as one, two, three.....

R.D. Designed Meals in Minutes

Our Registered Dietitian designed meal templates provide the professional weight management consultant with the credibility to consult with confidence. These ready-to-print meal plans and grocery lists save time and can be used over and over again. R.D. designed meal templates reduce the liability considerations and increase credibility. Our collections include meal plans designed for specific dietary, health and lifestyle needs ranging from disease prevention, stable blood sugar, low calorie and other popular eating plans.
